SUBSTANCE USE, MENTAL HEALTH, AND CO-OCCURRING DISORDER **TREATMENT SERVICES**

INTENSIVE OUTPATIENT PROGRAM (IOP):

The Intensive Outpatient Program is a structured Group Therapy-Based Service that integrates evidence-based approaches with person centered care in order to provide effective treatment for Substance Abuse Disorders. IOP includes a combination of Group Therapy, Case Management, and Peer Support Services.

PARTIAL HOSPITALIZATION PROGRAM (PHP):

We offer partial hospitalization to help patients stabilize their symptoms and quickly. PHP involves counseling, medication management, and skill training so individuals can be re-integrated into their community.

SUD CASE MANAGEMENT:

SUD Case Management Services provide assistance in accessing medical, social, educational, and other services essential to meeting basic human needs. This may include connecting to and training in the use of community resources and services, increasing social support networks, assisting with daily living activities; and coordinating criminal justice services.

OFFICE-BASED OPIOID TREATMENT (OBOT):

Our Office-Based Opioid Treatment Services (OBOT) allow us to work with clients' general practicioners to perscribe relevant and FDA-approved medications, which are dministered on-site. Pharmacological treatment is provided by certified practitioners who are dedicated to helping you succeed.

TRANSITIONAL HOUSING:

Housing is open to clients with Substance Use Disorders that are transitioning from being unhoused or involved in other programs who need a transitional place to stay while focusing on sobriety.
